Dear Sirs

Entertainment Licence application - The Ship Pub, Copse Road, Meadvale

I am writing to strongly object against the entertainment licence application for the Ship Pub, Copse Road.

My garden backs on to the pub premises, and I already have to bear the noise from parties/discos/karaoke nights the pub regularly hold. It is impossible to enjoy quiet time in the garden, it disturbs my peace and my children find it difficult to sleep. The grant of this licence will mean more evenings of disturbance, on a more regular basis, and having to endure the noise from live bands as well.

The pub is surrounded by residential properties on four sides, all at near proximity, and it is inappropriate for the Council to grant this license.

I am not the only local resident who is fed up with the noise we currently endure, and I have urged neighbours to lodge an objection. Please would you take this into account when you consider the application. I would also add that we only found out about this by chance, and I would have expected the Council to issue letters to local residents advising them of the application, giving them the chance to object.

Yours faithfully

Mrs V Weetman
