3rd October 2004

Dear Sir/Madam,

I understand the Ship Public House, Copse Road is applying for a public entertainments licence.

I am writing to register my complete objection, as a resident backing onto the Ship Public House we have already had to tolerate already excessive high levels of noise from the pub which is totally unacceptable, I understand there has already been complaints in the past. Granting a licence will only make it worse not only for surrounding residents but the whole neighbourhood and is totally unacceptable.

As the Public House is in a residential area, I urge you to take my comments and objection in this matter into consideration when granting such a licence.

Yours sincerely,

Daniel Oliver
