Number of those who have been classified as outcome 1 – 8 on stats classification – positive outcome.

RB – 7 occurrences

EP - 0

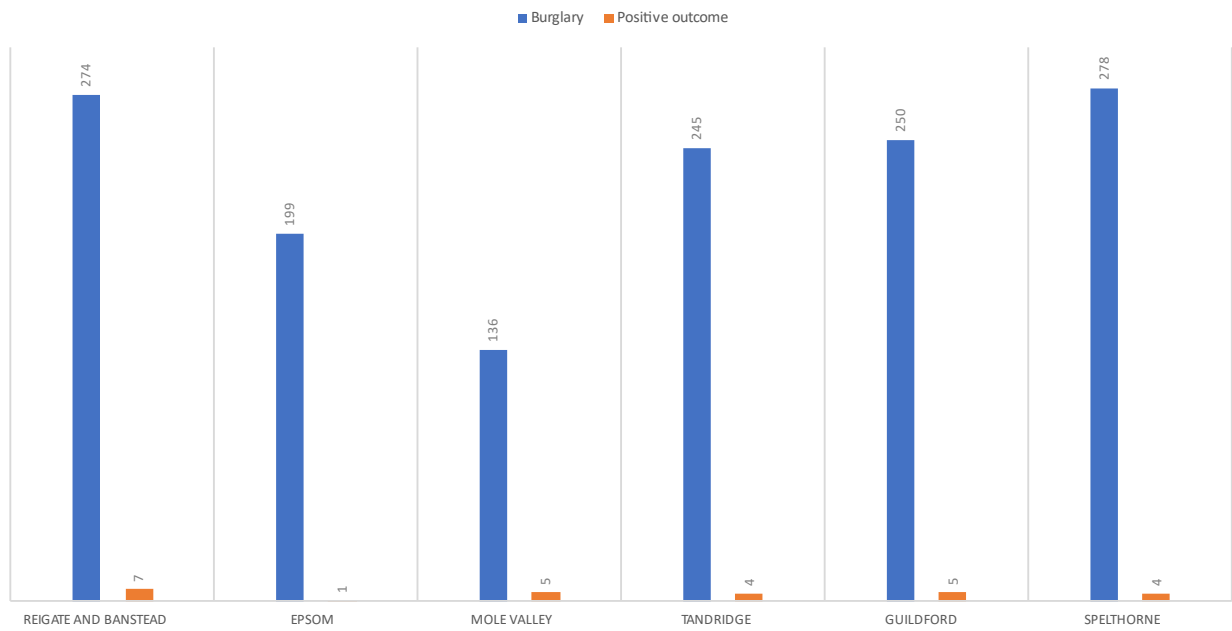

MV – 1 occurrence

TD – 0

GD – 5 occurrence

SP – 5 occurrence

Occurrences created on Niche between 10/03/2021/03/2022

## Question 2

**Domestic abuse arrest rates and prosecution figures** – Members asked for arrest and prosecution rates for domestic abuse.

### Written Answer

Time frame: 1<sup>st</sup> April 2021 – 8<sup>th</sup> March 2022

Arrest rate across East for Domestic Abuse is 42.1% and Voluntary Attend Interview rate is 4.3% = Totalling 46.3%

Sametime last year we were on 44.9% total.

Division	Total DA	Solve Outcome Number	Solved outcome percentage
EAST	3079	362	11.8%
NORTH	2747	297	10.8%
WEST	3335	401	12%

### Question 3

**Key contacts** - Committee members requested that key contacts for local teams be shared with all councillors. The Borough Commander said that he would send an updated list with photos.

## Follow-up Written Answers from Overview and Scrutiny Committee 24 February 2022

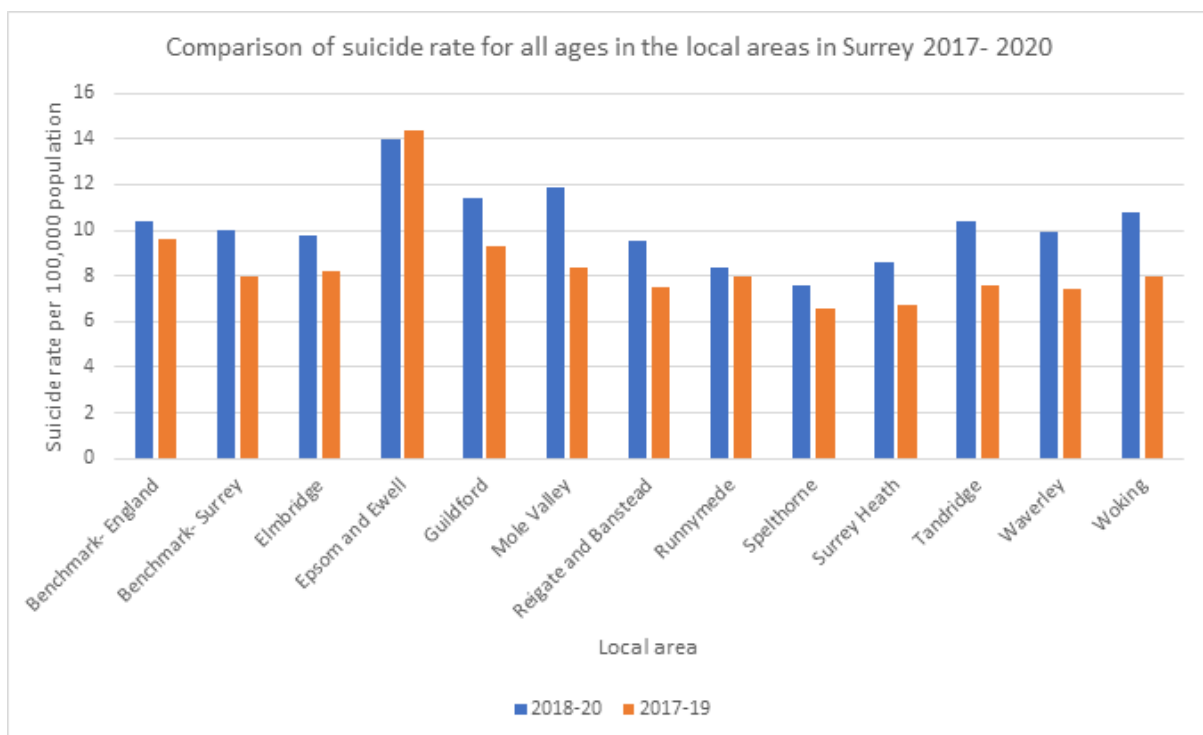

### Agenda Item 4

#### Annual Community Safety Partnership Scrutiny 2021

**Question 4 – Responding to Domestic Abuse** – Members asked for numbers of suicides in the borough as a whole.

#### Written Answer

Suicide rates data following the Overview and Scrutiny Feb 2022

The suicide rates in Reigate & Banstead for these two time periods was below the England average and at a comparable level to the Surrey average and national average.

The data is collected and presented by Public Health Surrey who lead on Suicide prevention work across Surrey.

RBBC Officers are attending a course on how to interpret Suicide data but there is always a lag and adjustments to allow the Coronal process to undertake its due process.
