Statutory Powers

1. The requirement of an internal audit function in local government is detailed within the Accounts and Audit (England) regulations (2015), as amended by the Accounts and Audit (Amendment) Regulations 2022, which state that authorities must: 'undertake an effective internal audit to evaluate the effectiveness of [their] 45 Agenda Item 6 risk management, control and governance processes, taking into account public sector internal auditing standards or guidance'.
2. The latter standards are defined in the Public Sector Internal Audit Standards (PSIAS) which were last updated in 2017.
3. Under Section 151 of the Local Government Act (1972), the Council's Chief Finance Officer holds the statutory responsibility for the overall financial administration of the Council's affairs and is therefore responsible for maintaining an adequate and effective internal audit function.

Background

4. A professional, independent and objective internal audit service is a key element of ensuring good corporate governance.
5. The PSIAS defines internal audit as 'an independent, objectives assurance and consulting activity designed to add value and improve an organisation's operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes.'
6. The Council's internal auditors are the Southern Internal Audit Partnership (SIAP).
7. The Council's Chief Internal Auditor – the Head of the Southern Internal Audit Partnership – is responsible for the management of the Council's internal audit activity.
8. The Council is responsible for establishing and maintaining appropriate risk management processes, control systems, accounting records and governance arrangements. Internal audit plays a vital role in advising the Council that these arrangements are in place and are operating effectively.
9. The Council's response to internal audit activity should lead to the strengthening of the control environment and, therefore, contribute to the achievement of the organisation's objectives.
10. Under the Council's Constitution the Audit Committee is responsible for reviewing internal audit progress reports and monitoring delivery of the annual audit plan.
11. Audit Committee approved the 2022/23 internal audit plan at its meeting on 15 March 2022. The plan details the activity to be undertaken during the year.
12. The audit plan is risk based and determines the priorities of internal audit activity. The plan is kept under close review to ensure that it continues to be relevant to the Council's risk profile and to ensure an appropriate level of audit coverage throughout the year.
13. The Committee receives regular quarterly updates on the progress of delivery of the audit plan, including any agreed amendments to the audit plan.

Management Actions

14. Internal audit's role is to identify potential weaknesses in systems, controls and procedures that may expose the authority to risk. Whilst internal audit highlights these weaknesses, it is the responsibility of management to propose, design and implement actions that address these and, in so doing, control and mitigate risk.
15. Heads of Service are responsible for acting on internal audit reviews in their service areas and, as senior officers and members of the management team of the Council, are ultimately responsible for overseeing the implementation of management actions. In so doing, they are able to amend the dates of implementing actions in response, for instance, to competing priorities.
16. The respective priority for individual actions (High, Medium or Low) is assigned by Heads of Service in consultation with SIAP.
17. SIAP's report – and the exempt Annex 2 – provides detail on overdue high priority management actions, as well as the latest management update. For additional context, an overview of the number of overdue low and medium priority actions and any revised implementation dates is provided.
18. Additional information on progress towards the management actions arising from the previous review of Procurement is attached as Annex 3.

Audit Committee Responsibilities

19. In accordance with the Council's Constitution and Internal Audit Charter, the Committee is required to focus on matters of significance arising from internal audit reviews.

Key Information

Assurance Opinions

20. Internal audit reviews result in an opinion on the assurance that can be placed on the effectiveness of the framework of risk management, control and governance designed to support the achievement of management objectives of the service under review.
21. SIAP's assurance opinions are categorised as follows:

Assurance	Description
Substantial	A sound system of governance, risk management and control exists, with internal controls operating effectively and being consistently applied to support the achievement of objectives in the area audited.
Reasonable	There is a generally sound system of governance, risk management and control in place. Some issues, non-compliance or scope for improvement were identified which may put at risk the achievement of objectives in the area audited.

Limited	Significant gaps, weaknesses or non-compliance were identified. Improvement is required to the system of governance, risk management and control to effectively manage risks to the achievement of objectives in the area audited.
No	Immediate action is required to address fundamental gaps, weaknesses or non-compliance identified. The system of governance, risk management and control is inadequate to effectively manage risks to the achievement of objectives in the area audited.

Q4 2022/23 Progress Update

22. SIAP's attached progress report at Annex 1:

 - Provides an update on the delivery of the annual audit plan;
 - Summarises internal audit performance, including assurance opinions given; and
 - Summarises any adjustments made to the audit plan
23. Section 3 of the progress report details the overall progress in delivering the 2022/23 internal audit plan and section 7 provides an overview of the work programme for the year.
24. Section 5 provides a summary of any key observations arising from reviews during the quarter that concludes with a 'limited' or 'no' assurance opinion. There were none
25. The following reviews were concluded during the year with an assurance opinion:

Review	Opinion

Decision making and accountability	Reasonable
Economic prosperity	Reasonable

Amendments to the 2022/23 Audit Plan

27. Since the previous progress report, the following amendment has been made to the 2022/23 audit plan:

- The Cyber Security – Managed Security Service Platform review has been postponed to Q3 2023/24, replacing Cyber Security – Staff Training, due to a delay in delivery of the security platform by the provider, making the audit impossible to complete within Q4 2022/23. The Cyber Security – Staff Training audit is anticipated to be included within the 2024/24 internal audit plan.
