1. Role of Internal Audit

The requirement for an internal audit function in local government is detailed within the Accounts and Audit (England) Regulations 2015, which states that a relevant body must:

‘Undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal auditing standards or guidance.’

The standards for ‘proper practices’ are laid down in the Public Sector Internal Audit Standards [the Standards – updated 2017].

The role of internal audit is best summarised through its definition within the Standards, as an:

‘Independent, objective assurance and consulting activity designed to add value and improve an organisations’ operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes’.

The Council is responsible for establishing and maintaining appropriate risk management processes, control systems, accounting records and governance arrangements. Internal audit plays a vital role in advising the Council that these arrangements are in place and operating effectively.

The Council’s response to internal audit activity should lead to the strengthening of the control environment and, therefore, contribute to the achievement of the organisations’ objectives.

2. Purpose of report

In accordance with proper internal audit practices (Public Sector Internal Audit Standards), and the Internal Audit Charter the Chief Internal Auditor is required to provide a written status report to ‘Senior Management’ and ‘the Board’, summarising:

- The status of ‘live’ internal audit reports;
- an update on progress against the annual audit plan;
- a summary of internal audit performance, planning and resourcing issues; and
- a summary of significant issues that impact on the Chief Internal Auditor’s annual opinion.

Internal audit reviews culminate in an opinion on the assurance that can be placed on the effectiveness of the framework of risk management, control and governance designed to support the achievement of management objectives of the service area under review. The assurance opinions are categorised as follows:

Substantial	A sound system of governance, risk management and control exists, with internal controls operating effectively and being consistently applied to support the achievement of objectives in the area audited.
Reasonable	There is a generally sound system of governance, risk management and control in place. Some issues, non-compliance or scope for improvement were identified which may put at risk the achievement of objectives in the area audited.
Limited	Significant gaps, weaknesses or non-compliance were identified. Improvement is required to the system of governance, risk management and control to effectively manage risks to the achievement of objectives in the area audited.
No	Immediate action is required to address fundamental gaps, weaknesses or non-compliance identified. The system of governance, risk management and control is inadequate to effectively manage risks to the achievement of objectives in the area audited.

3. Performance dashboard

Compliance with Public Sector Internal Audit Standards

An External Quality Assessment of the Southern Internal Audit Partnership was undertaken by the Institute of Internal Auditors (IIA) in September 2020. The report concluded:

'The mandatory elements of the IPPF include the Definition of Internal Auditing, Code of Ethics, Core Principles and International Standards. There are 64 fundamental principles to achieve with 118 points of recommended practice. We assess against the principles. It is our view that the Southern Internal Audit Partnership conforms to all 64 of these principles. We have also reviewed SIAP conformance with the Public Sector Internal Audit Standards (PSIAS) and Local Government Application Note (LGAN). We are pleased to report that SIAP conform with all relevant, associated elements.'

5. Executive Summaries of reports published concluding a ‘Limited’ or ‘No’ assurance opinion

There have been no new final reports published concluding a “Limited” or “No” assurance opinion since the last progress report in February 2023.

6. Planning & Resourcing

The internal audit plan for 2022-23 was presented to Corporate Governance Group and the Audit Committee in March 2022.

The audit plan remains fluid to provide a responsive service that reacts to the changing needs of the Council. Progress against the plan is detailed within section 7.

8. Adjustments to the Internal Audit Plan

There have been the following amendments to the plan:

Plan Variations for 2022/23	
Added to the plan	Reason
Test And Trace Contain Outbreak Management Fund (COMF)	The grant conditions required an internal audit review and sign off by the Chief Internal Auditor. Please see below for the adjustment made to the plan to accommodate this review.
Test and Trace Support Payment Scheme Funding (TTSP)	The grant conditions required an internal audit review and sign off by the Chief Internal Auditor. Please see below for the adjustment made to the plan to accommodate this review.
Emergency Planning	Included in the plan in place of Procurement. Assurance over planning for extreme events.
Biodiversity Net Gain Grant	The grant conditions required an internal audit review and sign off by the Chief Internal Auditor.
Removed from the plan	Reason
Corporate Plan	Deferred to accommodate the reviews of the COMF and TTSP grants.
Procurement and Commissioning	Deferred to 2023/24 to allow for the previous audit management actions to be addressed prior to re-review.
Cyber Security – Managed Service Security Platform	Deferred to 2023/24 due to a delay in the completion of the managed service security platform project.
