

BENEDETTA LAWSON  
(ENVIRONMENTAL HEALTH)

IAN SANDWELL

POLICE LICENSING OFFICER. 5th SEPT 2018

FIVE GABLES, NETHERKNE HAVE  
'EVENT' on 1st/2nd SEPTEMBER.

Dear Benny and Ian,

as a result of the  
conversations with both of you today I  
am putting pen to paper, as requested.  
Having spoken to several neighbours, I  
have taken it upon myself to represent  
their interests.

The 'event' which  
started at 4pm on the SATURDAY and  
finished at 4am SUNDAY was extremely  
noisy, caused traffic and parking problems  
in the neighbourhood and left the  
residents with a little problem, the  
next day.

The first any of us  
knew about the 'event' was SATURDAY  
on the day, when it had already started.  
so there was NO opportunity to object.  
The arrangements for the event seem  
to be extremely derisory which will  
be born out by the 'posters' enclosed,  
and the website [SHOOBS.COM/EVENTS/30986](http://SHOOBS.COM/EVENTS/30986).

Amongst the litter, in the lane, we found metal gas containers and balloons skins which presumably was for the inhalation of NITROUS OXIDE. (This is not a matter to complain about as we suspect it is the NORM!)!

Two examples of PARKING PROBLEMS: A party goes parked in a driveway to the extreme inconvenience of a resident returning home and a young lady doing a close point turn, off the roadway, but on the front lawn of one of the residents.

We, the residents are concerned that the licence for this 'event' was obtained without revealing the true facts and the residents of FIVE GABLES have always appeared to want to make the address into a commercial venue.

NETHERWELL HALL is what it is and totally unsuitable for functions of this sort.

Please forget about SATURDAY'S 'EVENT' because it is all over but PLEASE in the event of a future request, from FIVE GABLES, consult with us before making a decision.

We thank you, both, for your attention in this matter and I anticipate of your support.

Yours sincerely
